

Soft Pillow

Tom Dixon's Soft Collection offers an attractive and comprehensive range as the ultimate indulgence of lounging in luxury. The Soft cushions have been fashioned out of South African Angora goat hair and made by hand by Dutch weavers. Each mesmerizing color is velvety plush to the touch and filled with soft duck feather filling, providing the maximum amount of comfort to rest your head. Every piece has a unique structure, with markings appearing as a result of the dyeing process so no piece is exactly alike another. This makes for exquisite accenting pieces with just one color or coupled with the exclusive line's equally covetable shades.

Product Description

From Tom Dixon's Soft collection, this pillow is made with South African Angora goat hair and handwoven by skilled Dutch weavers. Its nuanced colors and subtle markings are a result of its unique dyeing process, while its plush velvet exterior offers beautiful texture and elegance. Opt for a pair of these luxury velvet pillows on a sofa or bed for an exquisite finishing touch.
